

PROPOSED AMENDMENT

HB 1003 # 36

DIGEST

Assessments. Specifies that, for the assessments required for grades 9 through 12, a school shall administer a nationally recognized college entrance assessment. Requires the state board of education (state board) to establish multiple categories of performance regarding proficiency on the nationally recognized college entrance assessment, including establishing a passing score required to qualify for graduation. Amends the definition of statewide assessment program concerning staff performance evaluation provisions. Specifies that the end of course assessments administered by a high school must be for: (1) English 10; (2) biology I; and (3) algebra I. Requires that a statewide assessment be in a form that allows the department of education (department) and the state board to compare the proficiency of Indiana students to the proficiency of students in other states. Provides that the statewide assessment may consist of original test items for Indiana's exclusive use if the state board determines that: (1) developing original test items for Indiana's exclusive use will result in cost savings; or (2) it would be impractical to develop a statewide assessment adequately aligned to Indiana's academic standards without including original test items developed for Indiana's exclusive use. Provides that: (1) the department shall require the use of computer or digital technology to complete the statewide assessment; and (2) schools shall allow students to use computer or digital technology to complete the statewide assessment; unless the use of computer or digital technology is waived by the department. Adds students with choice scholarship education plans to the provisions regarding assessments for students with disabilities. Removes provisions that: (1) provide the department may not release less than 20% of questions to students and student's parents; and (2) require questions and exemplary responses be posted on the state board's and department's Internet web sites. Urges the legislative council to assign to the interim committee on education the topic of Indiana's laws concerning school certificated employee evaluations. Makes technical corrections.
